What You Need To Know

Are You Eligible?

You are eligible for this offer if you:

- Supply solar equipment to Australian solar dealers
- Have relevant and timely product information that needs to be disseminated across multiple solar dealer websites
- Want your solar product information to be designed and implemented consistently across multiple solar dealers websites.

Note: the implementation of this offer only applies to solar dealers who have a WordPress site.

What Are The Costs?

\$2,500 + GST. XEN Solar will provide an invoice prior to the project commencing.

What Do You Get?

The Content Pack involves:

- Discovery call: review of your product information and relevancy to Australian solar dealers
- WebDev back-end plugin to streamline product data information
- WebDev a content library to enable scale.

Why take up this offer?

- You can have your latest product information beautifully designed and updated across multiple solar dealer sites at once
- Your product message will be consistent and relevant at all times
- Most solar dealers have experience with updating content but most find they do not have the time to maintain it. We take away the pain and update the content for them and you.
- We have experienced WordPress experts who know how to best optimise the site.
